Identifying the Parts:

Replacing the Battery:
1. With the remote control facing down slide the battery tray out from the bottom of the remote.

Using the remote with your television:
1. First connect your camera to your television or monitor using the proper cable. Refer to your camera’s instruction manual for more specifics.
2. Many of the remote’s buttons will look similar to and function the same as buttons on the back of your camera.
3. Press the EMSP button to toggle through different display options on your camera.
4. Press the Playback button to view your images.
5. Press the Slide show button to start or stop a slide show.
6. Use the Arrow buttons to change the previous or next image.
7. Use the Enter button to pause or resume playing the slide show.

Using the remote with your camera:
1. Set your camera’s DRIVE MODE to REMOTE CDR. Or locate REMOTE CTRL in your camera’s menu and turn it ON. Refer to your camera’s instruction manual for more specifics.
2. Press the 6 button on the remote to take a photograph.
3. Press the 25 button to take a photograph after a 2 second delay.
4. Press the Start/Stop button to begin or end a video recording.
5. Press the 5 or + button to zoom in or zoom out the lens. This function will only work with a Sony power zoom lens.
